To Whom it May Concern:

This was my first year as prom sponsor at our school. I contacted ProCAT after receiving a mail-out advertisement. I found them to be extremely helpful and willing to answer every question that I had.

Our prom was a huge success, and I was very pleased with every aspect of ProCAT's services. The DJ played music that the students wanted to hear and let them be involved in the music selection. I was told that in previous years the students left early, but this year our students stayed until the very last song was played.

Both the DJ and the cameraman were very professional and courteous. They made my job as prom sponsor so much easier. I will book ProCAT for next year's prom and am pleased to recommend them.

Sincerely,

Laura Lawrence
