To whom it may concern,

I would like to personally write to inform you of the excellent performance of your music system and staff. I have worked with many music systems in the past, but I have never had the enjoyment and the student approval like this before. Your music system, Pro Cat, went beyond my highest hopes. The videos, the music, the sound quality, and the attentive staff were excellent.

I would just like to say again THANKS for the spectacular performance at the Hawaiian Dance and at Prom 1994. I have never viewed a music system more professional than Pro-Cat. We WILL have you back next year!!!!

Sincerely,

Jeremy Jones
