Superintendent

To Whom It May Concern:

Please accept this letter as my recommendation for ProCat Audio Video Productions. Over the past 10 years I have had the opportunity to observe ProCat in a variety of venues from recording a CD for a middle school choir performance to video taping a large music festival with 5 performing groups and over 1500 participants, to recording District and State Band Contest with a different performing group on stage every 30 minutes! In each of these distinctively different settings, ProCat has risen to the challenge, producing high quality audio and video recordings. The technicians are professional and cooperative and work diligently to produce the best recording or video. When scheduling an event, the office staff is always helpful and friendly attending to all the details. The company is also supportive of education and often returns a percentage of sales to participating schools.

ProCat has proven to be a successful organization dedicated to quality recordings which will provide a lifetime of memories and enjoyment. I highly recommend their services to anyone planning an important event.

Sincerely,

Dianne Johnson
Music Supervisor
