To Whom It May Concern:

This letter of recommendation is for any interested parties concerning the services of ProCAT Audio Video Productions. As the chairperson of entertainment for our school's junior/senior prom, I have used the services of ProCAT for the past 2 years, and I'm aware of the fact that previous sponsors at our school have also used ProCAT for earlier proms, dances, etc. I appreciate the extra time and concern that is always given to the needs of our activity and the professional advice that always helps with appropriate song selections and enjoyable group activities. I not only highly recommend this company, but I warmly welcome their return to our school for many years to come.

Sincerely,

Lisa C. Smith
