Dear Sirs:

We would like to thank you for agreeing to provide the entertainment for the Educational Reviews, Inc., winter party again this year. You have done an outstanding job for us five years and counting!

As you know, about three years ago we tried using a band for the winter party. We were very disappointed because we were accustomed to your personalized and caring service. We would like you to know that the preplanning stages of your performance are very important. Particularly the request list, this gives all of our associates the opportunity to become involved and is far more versatile than any other options for entertainment.

Here at Educational Reviews, Inc., we practice quality in every aspect of our business and we are proud to have vendors who also operate with quality in mind. You have always been prompt and stay abreast of new and innovative ideas and we wanted to let you know we appreciate your continued excellent service.

Sincerely,

Sonja R. Miller  
Administrative Coordinator
