Dear Peggy,

I am sending this note to thank ProCAT and Mark Dyar for a fabulous prom this past Saturday night. I sincerely appreciate the work you put into this event, in planning music that the students requested and enjoyed, and by interacting with the students throughout the night. The students have commented about how special it was to see last year's prom on the screen at the beginning of the night and then seeing themselves on the screen throughout the night. I especially enjoyed the humorous pictures shown during some of the music. They were hilarious! This showed the creativity of your fabulous disc jockey, Mark, who obviously put a great deal of time in the many special effects.

The Prom is such a special event for our students. As Prom sponsor, I strive to make every aspect of the Prom special. I thank you for making perhaps the most important part of a dance, the music, so much fun. The students obviously had a great time; I could not believe the crowd that was still there dancing at midnight! There appeared to be at least one hundred kids dancing their hearts out. I attribute this to you and offer my sincere appreciation for all of your effort!

I look forward to scheduling Hewitt's 2004 Prom with you in the very near future! Thank you, again, for a fabulous night!

Sincerely,

*Amanda Klimko*
