

Old Overton

ProCat Audio Video Productions
Special Event Videography

ProCat is the company we call first for DJ musical entertainment at Old Overton Club. Peggy Dyer is super to work with and a joy to talk to on the phone. ProCat is always available and always on time, not to mention very affordable! Our members are very happy when we have ProCat for special occasions!

ProCat not only provides the music, they also offer videography. They won't miss a single minute of your wedding & reception, and will provide a spectacular video so you can see it all again! We have received many positive comments from brides and grooms using ProCat for their receptions at Old Overton Club.

At Old Overton Club, we do not hesitate to recommend ProCat Audio Video Productions.
