Our 1991 Prom was the best one yet - due in great part to PROCAT and Mark Dyer. Their professional attitude and conduct impressed our school administration and parents. The music included all the "favorites" from our student body requests sent to PROCAT prior to our prom. For the first time in many, many years we had to ask our students and their dates to leave the Prom at 12:30 a.m.! PROCAT's production includes a tremendous light show, smoke machine and a live action video on a giant screen. Mark has a great video show with pictures from the various songs, but also a live video of the students dancing and the Prom leadout with the Jr.-Sr. class officers and their dates.

I have been the Jr. Class Advisor for 3 years and the proms have been wonderful for our Juniors and Seniors and their dates, with many great moments to remember because of Mark Dyer and PROCAT. He is the best!

With Mark Dyer and PROCAT productions, you can make your schools' prom the best and most memorable event each year.

Sincerely,

Emily Severin
Jr. Class Advisor
