To Whom It May Concern:

This is to recommend Pro-Cat Audio Video. Prattville High School has done business with Pro-Cat for the past five (5) years. Pro-Cat has supplied the sound and video for Homecoming, Prom, and Graduation activities. They provided the Diskjockey and sound for the Homecoming Dance and Prom. A big item that the Seniors look forward to each year is the combination video of the Homecoming, Prom, and Graduation activities.

Pro-Cat has always dealt with us in a very professional and accommodating manner. They have provided a top quality product at a very fair price. They have helped make our special occasions even more special. Therefore, it is without reservation that I recommend the services of Pro-Cat Audio Video to you.

Yours in education,

Roy Johnson
Principal
