Dear Sirs:

Prom '89 was the first time in our 15 years as junior class sponsors that we have used a DJ instead of a live band. Mark Dyer and his professional PROCAT staff helped to make last year's prom truly "One Moment in Time." A larger percentage of students than ever before stayed until the prom ended. The dance floor stayed crowded throughout the entire evening. From the theme song to the TV show Mr. Ed (in honor of one class sponsor) to the most current hits, Mark kept the crowd dancing.

We were pleased that PROCAT arrived early to set up his sound equipment and light display and that he packed up quickly when the prom ended. He and his staff were dressed most appropriately for the formal occasion of the prom which was most appreciated by faculty and administrators. In the weeks prior to the prom Mark stayed in close touch to make sure that he would provide us with the entertainment that we wanted. At the prom, Mark went the extra mile by introducing the leadout for us.

We have only used Mark Dyer one time, but as junior class sponsors we plan to call on him regularly in the future. We know if we invest our money with him that he's going to provide us the caliber of entertainment that we expect. Without reservation, we would highly recommend him to you for any occasion.

Sincerely,

Betty Esslinger

Ann Sharp
