Dear Employer,

As high school homecoming and prom sponsor for ten years, I have been responsible for hiring a number of DJ's and bands for our events. If you are in need of such for your school, I want to recommend Mark Dyer for the job.

Mark is the type of person who wants to make sure that the sponsor is satisfied with his work. He stays in contact with you and provides the type of music and kind of show you want.

He went out of his way for me this year to provide special music for our graduation. He also did an excellent job for our prom.

His music show can be geared up or down to suit your particular needs. He shows up early to set up his show, and stays late to help you if needed.

I was particularly glad that he does not allow the usual practice of having a host of "friends" come with him to the show. He is a professional in every way. I plan to use him this year and in the future.

I have only known Mark for one year, but am so pleased with his work that I can highly recommend him to you and your school.

Sincerely,

Marshel Roy Cunningham

Marshel Roy Cunningham, Principal, Shelby Academy
